Linghai Xinyuan Extra Wide Flax Textiles Limited ("Xinyuan" ) was established in 1998. The company owns a total of 35 units of made-in-Italy VAMATEX doobby ultra-width rapier looms. Annual production capacity is 2.6 million meters.

High Fame Trading Company Limited is the sales subsidiary under Xinyuan. The product portfolio covers all kinds of blended and mixed yarn dyed fabric, dyed fabric, printed fabric and grey fabric made of pure linen, pure hemp, linen cotton, linen viscose, linen polyester.

Due to the high performance of VAMATEX looms, we can manufacture yarn count from 2S-35S, and width range from 23" -140"

The company specialized in ultra width closed selvage linen fabric, which is one of most competitive closed selvage weaving enterprise in China. The company has received national authorization for import and export businesses, and ISO9001 certification.

# Company Profile

Our linen fabric products are mainly exported to overseas markets. Asia: South Korea, Japan, Hong Kong; Europe: France, the UK, Germany, Italy, Spain, the Netherlands; North America: The USA; Australia: New Zealand. In domestic market, we have business relationship with many well-known fabric enterprises like Kingdom Holdings and China Garments Co., Ltd.

We provide quality Ultra-width grey fabric with closed selvage made from pure linen to the Chinese suppliers of IKEA

We provided pure linen yarn-dyed fabric to the Korean suppliers of the Spanish fashion brand ZARA.

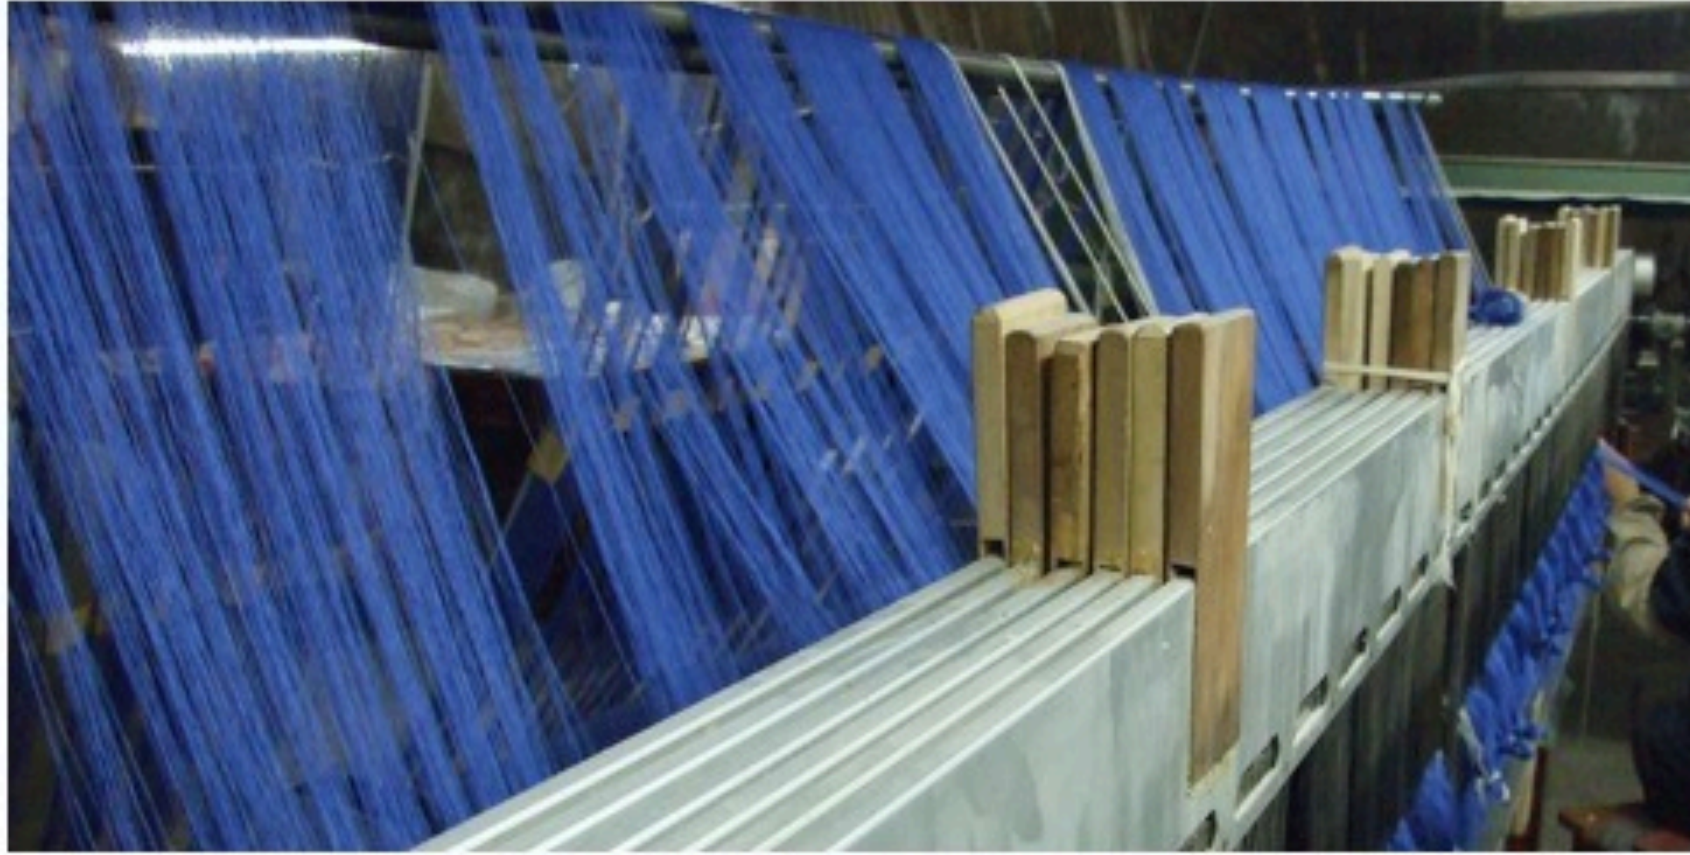

We provided semi-bleached fabric and yarn-dyed fabric made from pure linen to the Korean suppliers of classic German fashion brand HATICO.

We provided quality grey fabric and finished fabric made from pure cotton for Mona Lisa, one of the top ten Chinese brand for cross-stitched embroidery.

## Warping Workshop

Yarn Testing: We have premium strategic linen yarn suppliers, all linen yarns were made by French flax. Each batch must be sampled and tested before production.

**Looms :** Made-in-Italy VAMATEX ultra width rapier looms with dobby, Normal width can be reached at 360cm; featuring pick finding function; Supporting multi-width closed selvage weaving.

**Weaving Condition:** Through monitor and control of temperature and humidity system, we keep Temp at 28C°-30C° , RH at 78%-80% , keep weaving condition at best status.

All product images are taken from shooting of real products. There may be color aberration on different monitors.

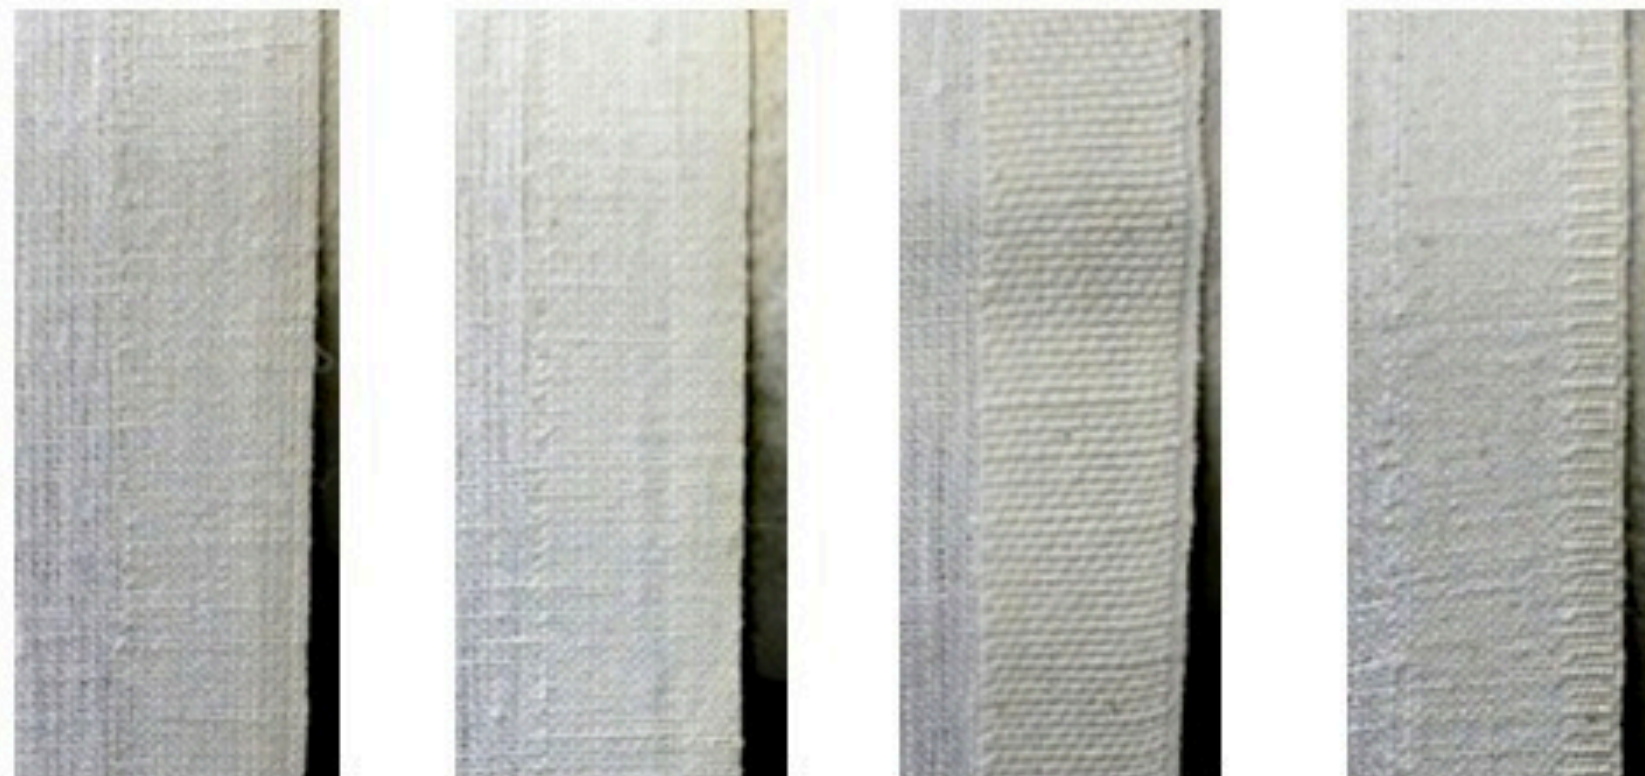

## Mending Workshop

Mending : 40 experienced mending workers ensure the quality of fabric and delivery time.

## Featured Product

When our clients consider the weaving cost and quality, rough selvage fabrics need several more times of cutting and sewing at later phase when it is used to produce home textile products. More processes bring more cost. By comparison, ultra width closed selvage fabric save time and manpower for home textiles production enterprises, and can reduce the weaving cost to a greater extent. Only with high-class rapier weaving loom can ensures smooth and full surface of the woven cloth without start-up marks. Closed selvage fabric is the right choice to save time and cost.

## Grey Fabrics
